For a woman considering the cruising lifestyle, the questions are endless. What is cruising really like? Can I do it? Will I like it? will it be horrible, or wonderful? Longtime sailor and circumnavigator Diana Jessie provides advice to women contemplating short-term cruising or long-term voyaging. She gives unique insights into a plethora of women's concerns, including:

before. Finally, boatowners who grew up with gas engines can set aside their fears about tinkering with diesels, which are safer and increasingly more prevalent. As in other volumes in the International Marine Sailboat Library, every step of every procedure is illustrated, so that users can work from the illustrations alone. The troubleshooting charts in the second chapter--probably the most comprehensive ever published--are followed by system-specific chapters, allowing readers to quickly diagnose problems, then turn to the chapter with solutions. Diesel engine
