The 9 Best Success Books of 2020

Grammarly, the grammar-checking service, had an enormous hole in its browser extension. Tavis Ormandy discovered that any webpage could easily hijack your session and steal all the information in your Grammarly account. And that includes absolutely everything you've typed into the service. It's a jarring reminder that most browser extensions can capture this sort of sensitive data.

Grammarly leaks everything you've ever typed in the ...
