Basic Writings Immanuel Kant | datacenterdynamics.com

Although the basic tenets of Kant's transcendental idealism (i.e. that space and time are 'a priori' forms of human perception, and that formal logic and transcendental logic coincide) have been falsified by modern science and logic, Kant is reputed to have changed the framework within which modern philosophical inquiry has been carried at least up to the early nineteenth century. This shift consisted in several closely related innovations that have become foundational in philosophy itself ...
