The fact that it is a comic seems to camouflage the sound basic economic and biblical principles that it contains and the vast amount of useful insight into how it all fits together and why it cannot operate any other way. I definitely prefer this to formal books tediously trying to teach me the principles of economics and losing me in the details.

Vic Lockman is serious about the Bible and the economic issues that it addresses. His method of explaining what it says just happens to be cartoons - a non-threatening, easy-to-remember, and fun way to demonstrate God's principles. Vic helps us to understand the market, money, taxes, government, law and what the Bible has to say about each one.

Books by Vic Lockman (Author of Biblical Economics in Comics)

So Christians should not feel that economics is outside the domain of Christian thinking. If anything, we need to recapture this arena and bring a strong biblical message to it. In reality, the Bible speaks to economic issues more than any other issue. Whole sections of the book of Proverbs and many of the parables of Jesus deal with economic ...
