The Book of Matan was a book of automatic writings that told a tale of awakening. The manuscript was left to Nik Douglas to publish. I found it profoundly moving and was inspired to do this set of collages to illustrate the book, (published 1979). The next collages are some from the Mountain Ecstasy (1978) series that were not in the book.

Phenomena explores unusual and unexplained physical events, apparitions, and other phenomena rooted in religious beliefs. Well-known religion expert, J. Gordon Melton takes readers on a tour amongst angels, Marian apparitions, and religious figures such as Jesus, the Buddha, Mohammad, and Tao Tzu. Melton reports on dreams and near-death experiences; feng shui and labyrinths; statues that bleed, drink milk, weep, and move; snake handling, speaking in tongues, and stigmata; relics, including the spear of Longinus and the Shroud of Turin; and sacred locales such as Easter Island, the Glastonbury Tor, the Great Pyramid, Mecca, and Sedona. Each entry includes a description of the particular phenomenon and the religious claims being made for it as well as a discussion of what a scientist might have to say about it. Transcending the mundane, the entries take no sides and make no arguments: the journey is the experience and the experience is the journey.

English-language books published or reissued between 1976-1981. Arranged alphabetically by authors. Asterisks indicate excellence. Author, title, and subject indexes.

Keret and Gavron masterfully assemble some of Israel's top contemporary writers into a compulsively readable collection.
