I would love to say that you make me weak at the knees, but to be quite upfront and completely truthful, you make my body forget it has knees at all. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. The bestselling, beloved classic on how to go into the dark side of yourself to bring out the light -- now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in The Dark Side of the Light Chasers, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale Donald Walsch, and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.

In Peter F. Hamilton and Gareth L. Powell's action-packed sci-fi adventure Light Chaser, a love powerful enough to transcend death can bring down an entire empire. Amahle is a Light Chaser -- one of a number of explorers, who travel the universe alone (except for their onboard AI), trading trinkets for life stories. But when she listens to the stories sent down through the ages she hears the same voice talking directly to her from different times and on different worlds. She comes to understand that something terrible is happening, and only she is in a position to do anything about it. And it will cost everything to put it right. On the fifth anniversary of her death and written during Debbie Ford's long battle with cancer, Your Holiness is a thoughtful and poignant exploration of the godliness that resides in all of us. The extraordinary way in which the manuscript to this book was found sets the foundation for its incredible message: medium James Van Praagh received a message from Debbie Ford's spirit telling him that she had an unpublished manuscript saved on her computer. James passed on the news to Debbie's sister, Arielle Ford, who found the manuscript exactly where it was said to be. Infused with Debbie's trademark frank honesty and keen insight, Your Holiness is a blueprint for recognizing and accepting our latent spirituality. Debbie combines motivational prayers with deeply personal stories about her own spiritual journey - how she struggled and eventually found her internal faith - and translates her experience into a practical path for transformation. Engaging and accessible, clear and unwavering, philosophical yet practical, Your Holiness is a gift to the soul that both guides and nourishes. At a time when so much in our world feels uncertain and suffering is widespread and persistent, Debbie's voice is more essential than ever. Your Holiness grounds us in the here and now while delivering a timeless and empowering message of relentless love and strength.

New York Times number-one bestselling author Debbie Ford presents revolutionary questions that, when answered with complete honesty, change the way we see ourselves and make decisions - ultimately moving us toward the life we desire. The realities of the life we live today are a result of the choices we made yesterday, three months ago and three years ago. But we don't wind up \$50,000 dollars in debt because of one extravagant purchase. Nor do we put on 30 unwanted pounds as a result of a couple of decadent meals. And our relationships certainly don't fall apart overnight because of one decision. We are where we are because of repeated unconscious choices made day after day. If we want to understand why and how we created our present day reality, all we need to do is look at the choices we made in the past. Ford cuts right through our denial with the 10 questions that immediately reveal the true motivations behind our thoughts and actions. But more than that, by rigorously and honestly asking and answering these 10 vital questions, we regain control and have the power necessary to create the life we always wanted.
