National Geographic Connections Across Time And Cultures

Punctuality-conscious countries like Germany, Switzerland and America live by the culture of the clock. Take the American "time is money" attitude, for instance. Their equating time with money can be clearly seen in their choice of words where they spend time, save time or waste time.

There is more of a connection between food and culture than you may think. On an individual level, we grow up eating the food of our cultures. It becomes a part of who each of us are. Many of us associate food from our childhood with warm feelings and good memories and it ties us to our families, holding a special and personal value for us.
