The Cultural Intelligence (CQ) Difference **Cultural Intelligence Individual Interactions Across**

In this book, the authors develop the idea of cultural intelligence and examine its three essential facets: cognition, the ability to develop patterns from cultural cues; motivation, the desire and ability to engage others; and behavior, the capability to act in accordance with cognition and motivation. In their presentation of this new conceptual framework, the authors provide a critical review of the existing literature.

Cultural Intelligence: Individual Interactions Across ...

Cultural intelligence or cultural quotient is a term used in business, education, government and academic research. Cultural intelligence can be understood as the capability to relate and work effectively across cultures. Originally, the term cultural intelligence and the abbreviation "CQ" was developed by the research done by Christopher Earley and Earley and Soon Ang. During the same period, researchers David Thomas and Kerr Inkson worked on a complementary framework of CQ as well. A few years
