Dall'autrice del n°1 bestseller TOUCHED, che ha scalato le classifiche americane, arriva un nuovo Dark Fantasy pieno di avventura, suspense e amore.

Tormented by frightening premonitions and dangerous secrets, Gemma will have to summon all her courage if she wants to challenge Fate and resist the power of darkness. A journey through dark, forbidden worlds, beyond the limits of fear. Are you strong enough to tempt Fate?

From New York Times bestselling author Elle Casey comes the first book in the sexy Red-Hot Love Series. Fiery, free-loving Amber Fields has just discovered she's the daughter of a 90s rock legend. The bright lights of New York City are a world away from her quiet life in Maine, but Amber is determined to get answers--and give her absent father a piece of her mind. When she tracks down her father's band in Manhattan, answers seem hard to come by, and what she does find doesn't add up with the stories she was told as a child. And then there's the band's replacement lead guitarist Ty Stanz. He's sexy and intriguing for sure, but Amber is not falling for a brooding, prickly rocker. He seems to know exactly the right buttons to press to provoke her. Amber is no fan girl, and Ty sees her as an unwelcome distraction. On the surface they are worlds apart. Each is tied to the band for very different reasons, but the more time they spend together the hotter things get. Is their red-hot love meant to last?

A dark reality lies hidden under our very eyes. Since their creation, the Māsala have enforced the destiny of humankind on Earth through the Subterraneans, Angels condemned to carry the weight of death on their shoulders in order to please fate. Evan, a Subterranean, has denied his own nature in order to protect Gemma, the girl he was sent to kill and with whom he has fallen hopelessly in love. But what are the consequences of cheating Death? Five months have gone by since her last encounter with Death, and in spite of having experienced the most intense period of happiness in her life at Evan's side, Gemma's instinct reminds her that the game is far from over. Evan, overconfident, lets his guard down, revealing an unmentionable secret--an error that can be paid for only with blood. Death returns to claim Gemma, sending its faithful servants to kill her. Desperate, Evan will do anything to save her, but the menace will seek them out even where they feel safest ... The challenge between passion and death will pit the protagonists against each other. In the face of jealousy, betrayal, and emotional devastation, Evan and Gemma find it isn't easy to escape their fate.

As a war begins, four princesses of enemy kingdoms who were raised as sisters must decide where their loyalties lie: to their kingdoms, or to each other.

A scarred, mortal witch. A dragon-shifter with a terrifying reputation. Constance Rinehart has a tortured past. Her mother died in the hands of a ruthless man, and she grew up with a closed heart. After recent bandit raids, Everbrook is starving for food, forcing Constance to sacrifice herself in the Offering--an event where young maidens are mated to dragon gods. When she is paired with the most brutal man in the world, her worst fears come true. Rayse Everstone, lord of the largest dragon shifter clan ever, has been searching for his mate for the last five-hundred years. He is at odds with his clan and feared by the humans. When his mate rejects him, and tensions amongst his kind rise, he faces the threat of having all he has built collapse... and even the loss of his own life. **OBSIDIAN WINGS** is the first novel in a four-book fantasy romance series. The **SOUL OF A DRAGON** series explores the world of Gaia, where dragons roam and magic is rampant. All four books have been written and edited before being published together. This series contains

scenes of abuse, sexual content, and violence, which makes it unsuitable for the light-hearted.

Betrayal has never been so fashionable than in Autumn Krause's glamorous debut, perfect for fans of *The Belles* and *The Luxe*. True to its name, the sleepy town of Shy in Avon-upon-Kynt is a place where nothing much happens. And for eighteen years, Emmaline Watkins has feared that her future held just that: nothing. But when the head of the most admired fashion house in the country opens her prestigious design competition to girls from outside the stylish capital city, Emmy's dreams seem closer than they ever have before. As the first "country girl" to compete, Emmy knows she'll encounter extra hurdles on her way to the top. But as she navigates the twisted world of high fashion, she starts to wonder: Will she be able to tailor herself to fit into this dark, corrupted race? And at what cost?

This explosive sequel to *Mind Games*, which New York Times bestselling author Holly Black called "a brutal, exciting gem of a book," is a lightning-fast, wickedly smart tale of two sisters trapped in a web of deceit—perfect for fans of Sara Shepard's *Lying Game* series. For years, Annie and Fia have been in an endless battle for survival against the Keane Foundation. Now the sisters have found allies who can help them escape. But Annie's visions of the future and Fia's flawless instincts can't always tell them who to trust. The sisters can only rely on each other—and even their extraordinary gifts may not be enough to save them.

They think they own me now. They think they've won, and that I'll be their good little soldier. Four dangerous, damaged, messed up boys. There used to be five, but one of them died, and I'm starting to suspect he was murdered. I didn't ask for this. No one would ask to be played, manipulated, seduced and betrayed. But that's what happened, anyway. It wasn't enough for them to break me. Sebastian Beckett has decided that he can't let me go, but I refuse to forgive and forget his betrayal so easily. His fixation is bordering on obsession, but when we begin to suspect a spy within Delta, there's no time to deal with his feelings. Someone is selling us out, and it's having a dire impact. It's life and death hiding behind corporate greed. Let the battle begin.*This dark contemporary romance features four sexy, dangerous boys but is NOT a reverse harem.*
