currently chair of the American Physiological Society Book Committee. She works with members of the International Union of Physiological Sciences to improve physiology education in developing countries, and this book has been translated into seven languages.

Silverthorn, Human Physiology: An Integrated Approach, 7th ...  
Human Physiology: An Integrated Approach broke ground with its thorough coverage of molecular physiology seamlessly integrated into a traditional homeostasis-based systems approach. The newly revised Fourth Edition strengthens the coverage of the "big picture" themes in the study of physiology and helps students tie concepts together in a logical framework for learning.
