Driver's Guide to Police Radar: Craig Peterson ...

A radar detector can't alert to a signal that is not there. Unlike constant-on, a police radar gun is triggered by a police officer who must first visually see your vehicle. This form can be especially lethal when operated during the cover of night, from an on-ramp or overpass, or from a hidden position from the median or shoulder of a roadway. Police radar is designed to be hand held or permanently mounted to a police car.
