Beat the competition with INTERNAL INNOVATION If 3M ' s corporate leadership hadn ' t given researcher Art Fry a creative outlet, the world would never have seen the Post-it Note . . . Corporate entrepreneurs, intrapreneurs, mavericks. No matter what name they go by, these innovators are the pioneering forces within an organization who spark new enterprises, products, services, and processes to combat increased global competition. Corporate Entrepreneurship shows you how to develop and grow your organization by designing the culture, structure, strategies, and policies that encourage and support internal entrepreneurial ventures. Bestselling author and world-renowned entrepreneur Robert Hisrich teams up with global management expert Claudine Kearney to provide action plans, techniques, and insights for establishing an organizational culture that allows intrapreneurs to develop the entrepreneurial ventures that will secure value and generate new growth in your company. Every day, globalization and technological advancements continue to put more of your competitors within reach of your customers. In order for your company to stay attractive and thrive, you need the proven tools and tactics in this book to: Identify, evaluate, and fund venture opportunities Recognize bright corporate entrepreneurs and create their compensation plans Create business plans that avoid failure, optimize success, and develop and sustain corporate venturing Manage the internal politics of venturing Effectively implement corporate venturing into your organization Hisrich uses illustrative examples from his experience consulting for such global companies as 3M, Alcoa, Westinghouse, Citi, and many others. Through informative, well-researched case studies, he demonstrates how his concepts help companies prosper over the long run, gain market share, and stay on the cutting edge of their potential. If your employees aren ' t innovating, your company is losing its competitive edge. Use Corporate Entrepreneurship to give your mavericks what they need to keep your company on top—all over the world.

The first book to look at innovation/entrepreneurship from an international perspective, Managing Innovation and Entrepreneurship: A Global Perspective provides a step-by-step process for managing innovation and entrepreneurship in an organization in both turbulent and stable economic times. Authors Robert D. Hisrich and Claudine Kearney demonstrate how to manage innovation on a day-to-day basis—using a wide range of real world scenarios, theories, principles, best practices, case studies, and modern examples. The book provides detailed coverage of each aspect of the process of innovation required to achieve success, including what it takes to build an innovative and entrepreneurial organization, how to develop innovation and entrepreneurship in both individuals and teams, how to manage and operationalize innovation and entrepreneurship, how to develop a global business plan, and more.

The 9th Edition of Entrepreneurship, by Robert Hisrich, Michael Peters and Dean Shepherd has been designed to clearly instruct students on the process of formulating, planning, and implementing a new venture.
