As chaplains develop richly detailed case studies for publication, ethical questions about case study construction and publication are emerging. Concerns about seeking patients' permission to publish material about them suggest additional questions and raise broad confidentiality and privacy issues. Confidentiality-related practices in health care and psychotherapy provide the most extensive guidance for chaplains, but healthcare chaplaincy has roots in religious and professional traditions ...

The ethical issues and dilemmas that the Coca-Cola Company has faced since within the last few decades have brought into question the responsibility that a company has to the consumers, financial stakeholders, employee ' s and the environment. Companies throughout history have all dealt with ethical issues but Coca-Cola has used these incidents to understand and increase their ethical standards and compete in a morally conscious business environment (Ferrell, Ferrell & Fraedrich, 2011).
