The Psychology Of Optimal

The book talks about the state of "flow", or optimal experience. It is basically a state of mind where one is so involved in activity "that nothing else matters." I studied psychology in my undergrad, graduating with high Bs and As. So I was surprised that I had a hard time following this book.

(Harper . . .)

In positive psychology, a flow state, also known colloquially as being in the zone, is the mental state in which a person performing some activity is fully immersed in a feeling of energized focus, full involvement, and enjoyment in the process of the activity. In essence, flow is characterized by the complete absorption in what one does, and a resulting transformation in one's sense of time.
