The Ambassador of God provides exhaustive and in-depth answers to very difficult questions about our cosmic origin and the planet earth. Almost everything to do with the Sun, Moon, Stars, Water, Mars, Jupiter, Aliens... and most importantly - God About the book and author _____ God is real. And for the first time, experimental and observable science reveals his existence. Throughout history, many have argued the existence of God, yet discussions of the Divine have been limited to the realm of philosophy and religion. But what if nature could reveal its creator? And what if science could provide compelling evidences that we have never seen before? What if the identity of the creator behind the origin of our universe can be known for certain? What if... This is what *The Ambassador of God*, a ground breaking look at our cosmic origin, has provided. In this probing book, difficult questions are answered. As renowned scientists and thinkers challenge the biblical narratives for our cosmic origin, *The Ambassador of God* uncovers the mysteries that have been hidden from human eyes. Using compelling evidences from astronomy to investigate the underpinnings of the Bible, *The Ambassador of God* provides a 'cosmic objective certainty' for the existence of a universal Creator. Additionally, it unveils a well of exhaustive insights that eliminates ambiguities in our understanding. How is it possible that God is one and three distinct persons, but not three Gods? Why is the earth and the human body mostly water? Who created the sun, moon and stars? What about aliens and the other solar planets? What is the mystery and purpose behind human existence and other life forms on our planet earth? Why are we here and how did we first arrive on this planet? How do we come to understand divinity in the current scheme of scientific reasoning? How do we make peace with the grand designer behind it all? Readers seeking answers to these questions (and other similar questions) will find them here. They will not find dogma. Instead, they will embark on a journey-an experimental voyage through the lens of science that reveals the mind of God. In a "show" rather than "tell" fashion and a template that's more coherent than any prevailing secular science view, we shall find who God is! Who is the Author? Olumide Sanya is a contemporary poet and writer. Beside poetry and writing, Lumi, as he is affectionately known, helps others to achieve their dreams as a life coach. Unusually drawn to books between the ages of 4 - 9, Lumi neither enjoyed reading nor read books but spent his childhood years looking for abandoned tomes that he turned into a formidable collection. Despite being a non-reader, he realised the dream of becoming a writer in his tender years and for more than 12 years, he abandoned this dream. ...Until one day, God paid him a visit. But it didn't start there, it began with falling in love and writing poems about love and heartbreaks but that's another story for another year. "God has a sense of humor," says Lumi. "It's not hard to see that if you know my story-where I've been, where I'm at, and what God has planned for my tomorrow. What is most important to recognize is what God can do with a 'nobody' like me." *The Ambassador of God*, he notes, is not just about answers to large existential questions "It is also a road map that offers optimism and guidance in today's confused and increasingly complex modern world." You don't have to be a physics professor or a philosopher to understand Sanya's work. *The Ambassador of God* aims to open discussion and understanding at the broadest possible level. It is written for everyday people.

"The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something
