"The Gregg Reference Manual" is intended for anyone who writes, edits, or prepares final copy for distribution or publication. It presents the basic rules that apply in virtually every piece of writing, as well as the fine points that occur less often but cause no less trouble when they do. This manual offers an abundance of examples and computer-generated illustrations so that you can quickly find models on which to pattern a solution to the various problems you encounter in your communications - from e-mail messages to formal reports. It also provides the rationale underlying specific rules so that you can manipulate the principles of style with intelligence and taste.

A Proven Approach to Leadership that Has Helped Thousands Achieve Success Today, competency-based education is said to be the learning of the future. Why? Because organizations use competencies to figure out what employees are capable of and where they need to grow. After years of research - and real-life experience - Dr. Wesley Donahue, Professor of Management Development and Education at Penn State University, has assembled a comprehensive framework of 35 Competencies that are essential for success in virtually every industry, organization, and position. Building Leadership Competence offers a unique and straightforward approach. The Leadership Competency Inventory allows individuals to Assess their leadership skills Create personalized roadmaps for success Identify on-demand micro-learning courses and other resources that get results It also serves as a valuable guide for organizational leaders who conduct seminars, workshops, and for to use with learn-at-lunch programs. Building Leadership Competence guides you through the 35 competencies and gives you the tools you need to get from where you are to where you want to be. You start with our Leadership Competency Inventory. Based on your job, it shows you specific skills to tackle. Then each competency discussion teaches you what you must know to show employers that you are the person they want. An essential read, which can be used at a personal or organizational level to assess and build your leadership knowledge and skills, Building Leadership Competence is a practical and usable tool that has helped thousands achieve success. Aspiring leaders through senior executives will find his book invaluable.

This expanded twelfth edition of the bestselling guide to style is based on the Economist's own updated house style manual, and is an invaluable companion for everyone who wants to communicate with the clarity, style and precision for which the Economist is renowned. As the introduction says, 'clarity of writing usually follows clarity of thought.' The Economist Style Guide gives general advice on writing, points out common errors and clichés, offers guidance on consistent use of punctuation, abbreviations and capital letters, and contains an exhaustive range of reference material - covering everything from accountancy ratios and stock market indices to laws of nature and science. Some of the numerous useful rules and common mistakes pointed out in the guide include: *Which informs, that defines. This is the house that Jack built. But: This house, which Jack built, is now falling down. Discreet means circumspect or prudent; discrete means separate or distinct. Remember that "Questions are never indiscreet. Answers sometimes are" (Oscar Wilde). Flaunt means display, flout means disdain. If you flout this distinction you will flaunt your ignorance Forgo means do without; forego means go before. Fortuitous means accidental, not fortunate or well-timed. Times: Take care. Three times more than X is four times as much as X. Full stops: Use plenty. They keep sentences short. This helps the reader.
