- If you keep trying to juggle elephants, no one, including you, will be thrilled with your performance.
- A ringmaster cannot be in all three rings at once.

- Intermission is an essential part of any good circus.

magnum opus, the *Theatrum Botanicum*, was published in 1640 and ran to 1,766 large pages. The sheer scope and size was perhaps to prove the book 's downfall, because while it was much revered—and plagiarized—it was never reprinted and, centuries later, has attained the status of an extremely rare and valuable book.

Parkinson was writing at a time when Western herbalism was at its zenith, and his skills as a gardener (from his grounds in Covent Garden) combined perfectly with his passion for science, observation, and historical scholarship.
