We look at ways to change sentence structure to emphasize the information that is important, and to ensure that sentences flow easily from one to another. We look at the scene: how to begin it, how to end it, and how to create the Beats of action-reaction that make up the scene. And finally we look at the story: what types of problems must a character solve? When does a story introduce a problem? And once a problem is introduced, how do picture storybooks move from problem to solution? What types of solutions do characters
