Take a deep breath and get ready for an extraordinary new health concept—Molecular Fitness, a state of optimal wellness literally from the inside out! The Connexin Connection is based on over a decade of disease prevention research by Darrell L. Tanelian, M.D., Ph.D., and his synthesis of more than five thousand published scientific papers on connexins. This book associates the beginning of multi-cellular life, 600 million years ago, with the advent of the connexin molecule. Today, this molecule is largely responsible for our body's intercellular communication and provides us with the first unified scientific explanation of illness and wellness. The Connexin Connection identifies the critical factors in our diet and our lifestyle that enhance connexin function to help us to perform our best mentally and physically and enable us to live healthier longer. Heard it before? Sound impossible? Not at all, the solution is simple. Dr. Tanelian advocates keeping the connexin molecules in our bodies OPEN and CONNECTED. The path to optimal wellness begins with this book. Take the journey and enjoy! "I am a professional golfer on the PGA Tour and was experiencing joint pain in my hands, feet, and shoulders. My life, career and overall well-being changed dramatically the day I met Dr. Tanelian 3 years ago and was introduced to his Connexin Connection Program. I lost 25 pounds, and have easily kept the weight off. My wife lost 15 pounds and she is feeling better than ever. My energy level has increased greatly, and all of my medical tests have improved. Thank you, Dr. Tanelian!" - J.L. Lewis, PGA Tour Professional Darrell L. Tanelian, M.D., Ph.D. is a world-renowned authority on the role of nutrition and lifestyle in optimizing molecular function.
