Growing up in the so-called "Silver Age" of comic books (50s-early 60s) and being such a geek that I attended San Diego Comic Con before it moved to the convention center, it's a wonder I didn't read Men of Tomorrow: Geeks, Gangsters and the Birth of the Comic Book before.

"Men of Tomorrow" fleshes out this landscape, and populates it with fascinating characters. Even if you are not a comic book fan, it would be a very enjoyable read, since it is not a book for "geeks" and fleshes out all the stories for a general reader. I give it four stars because it could have used more pictures.
