Deanna W. Schwartzman and Deanna M. Suckow are former teachers who have retired, each after more than a quarter-century in the classroom. Their experiences have been with regular and special education students. Each has been married for almost 50 years. Their current total of grandchildren stands at nine. It was with these grandchildren in mind that they began the research project which has culminated in this book. They were determined that their grandchildren have the knowledge of money management for a successful, well-informed financial future. With all these grandchildren and the present day economy, they joined together to write *Teaching Children Money Matters* (a resource guide for parents, grandparents, teachers and students) and its companion book, *What Every Preteen, Teenager and Young Adult Needs to Know to Avoid Credit Card Debt* (21 statements that may change how the future generations handle money to secure their future finances.)
