[Popular] Mountain Movers: Mining, Sustainability and the... Mountain movers: mining, sustainability and the agents of change. The products of mining are everywhere - if it wasn't grown, it was mined or drilled. But the mining industry has a chequered past. Pollution, human rights abuses, and corruption have tarnished the reputation of the industry across the globe. Over a decade ago the major mining companies embraced the concept of sustainable and equitable development and embarked on an explicit process of reform - but has the industry actually ...
