A research proposal should present your idea or question and expected outcomes with clarity and definition – the what. It should also make a case for why your question is significant and what value it will bring to your discipline – the why. What it shouldn't do is answer the question – that's what your research will do.

How to write a research proposal for a strong Phd ...

A research proposal summarises your intended research. Your research proposal is used to confirm you understand the topic, and that the university has the expertise to support your study. The length of a research proposal varies. It is usually specified by either the programme requirements or the supervisor upon request. 1500 to 3500 words is common.
