Institutions have started to play more significant roles. The present volume studies one particular dimension of their increasing practice: international judicial lawmaking. It observes that in a number of fields of international law, judicial institutions have become significant actors and shape the law

through adjudication. The contributions in this volume set out to capture this phenomenon in principle, in particular detail, and with regard to a number of individual institutions. Specifically, the volume asks how international judicial lawmaking scores when it comes to democratic legitimation. It formulates
