A captivating trio of sensual romances, linking the tales of wicked rakes and the flawless aristocratic young women whose hearts - and bodies - they melt. . . In Stolen Pleasures, Olivia Merrick, a merchant's daughter, finds out that her new husband, Sebastian Blake, is actually high-seas pirate Captain Phoenix, but will she make him walk the plank, or enjoy this newly discovered dangerous side? In Lucien's Gamble sparks fly when Lucien Remington, a debauched libertine, finds the untouchable Lady Julienne La Coeur dressed as a man in his gentleman's club. And in Her Mad Grace Hugh La Coeur, the Earl of Montrose, shelters from a snowstorm in an eerie mansion owned by a mad duchess. But her companion, fiercely independent Charlotte, might just keep him warm in the night . . . Praise for Sylvia Day, bestselling author of the sensational Crossfire series: 'Move over Danielle Steel and Jackie Collins, this is the dawn of a new Day' Amuse 'Several shades darker and a hundred degrees hotter than anything you've read before' Reveal ***Previously published as Bad Boys Ahoy***

Based on more than 20 years of research data, and filled with real-life examples and specific recommendations, School Communication that Works explains what your patrons really care about (and wish you'd talk more about), what they are only somewhat interested in, and what makes them tune you out.

CD-ROM contains: printable JPEG files of all the images in the book.

The purpose of this book is to provide a comprehensive theoretical framework as well as practical strategies—not just for survival but for a true search for excellence in the uncertain and ever-changing world of customer service management. The theoretical framework is based on the notion that customer service contains three key variables: a promise, a process, and people. After going through the step-by-step process of service management, the reader will have the necessary understanding and skill to choose the right strategy for the right circumstances, to design service processes, to identify the means and methods to implement these processes, and to measure the outcome.

Sad, a dysfunctional therapist, uses dangerous, experimental techniques to work with his patients, including Click and Fright, who have succumbed to a total stupor thanks to the childhood abuse from which they both suffered. Original. 15,000 first printing.

Sent to live with her great-aunt, Jordan March finds a friend in the person of Alanis King, the teenage granddaughter of the rundown farm's handyman, who helps Jordan unearth more of her family's dark secrets.

Confusing Textbooks? Missed Lectures? Not Enough Time? Fortunately for you, there's Schaum's Outlines. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you Practice problems with full explanations that reinforce knowledge Coverage of the most up-to-date developments in your course field In-depth review of practices and applications Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines-Problem Solved.

This book is about the relationship of the American writer to his land and language - to the 'scene' and the 'sign', to the natural landscape and the inscriptions imposed upon it by men. Among the questions considered in the first section of the book are how does American Romantic writing differ from European; what are the peculiar problems faced by the American artist, and what roles does he adopt to tackle them; what kind of writing results when authors as different as Henry Adams and Mark Twain lament the vanishing of an earlier America, or when Adams and Henry James review their complex relationship to their homeland, or when W. D. Howells and Stephen Crane seek to define their themes in a specifically American setting. The second section of the book examines similar concerns in a number of contemporary writers, notably Thomas Pynchon, John Barth, Donald Barthelme, John DeLillo, and William Gass.

Scare Tactics identifies an important but overlooked tradition of supernatural writing by American women. Jeffrey Weinstock analyzes this tradition as an essentially feminist attempt to imagine alternatives to a world of limited possibilities. In the process, he recovers the lives and works of authors who were important during their lifetimes and in the development of the American literary tradition, but who are not recognized today for their contributions. Between the end of the Civil War and roughly 1930, hundreds of uncanny tales were published by women in the periodical press and in books. These include stories by familiar figures such as Edith Wharton, Harriet Beecher Stowe, and Charlotte Perkins Gilman, as well as by authors almost wholly unknown to twenty-first-century readers, such as Josephine Dodge Bacon, Alice Brown, Emma Frances Dawson, and Harriet Prescott Spofford. Focusing on this tradition of female writing offers a corrective to the prevailing belief within American literary scholarship that the uncanny tale, exemplified by the literary productions of Irving, Poe, and Hawthorne, was displaced after the Civil War by literary realism. Beyond the simple existence of an unacknowledged tradition of uncanny literature by women, Scare Tactics makes a strong case that this body of literature should be read as a specifically feminist literary tradition. Especially intriguing, Weinstock demonstrates, is that women authors repeatedly used Gothic conventions to express discontentment with circumscribed roles for women creating types of political intervention connected to the broader sphere of women's rights activism. Paying attention to these overlooked authors helps us better understand not only the literary marketplace of their time, but also more familiar American Gothicists from Edgar Allan Poe to Shirley Jackson to Stephen King.

In this second book in the Scary School series, the students of Scary School are off to Monster Forest. School may be scary, but the forest has a few frights of its own, including beoradactyls; Captain Pigbeard, fearsome leader of the Monster-Pirates; and his fiancée, Princess Zogette. When Zogette falls in love with Charles and follows him to Scary School, Captain Pigbeard raises his army in pursuit. But what the monster army doesn't realize is that the teachers and students of Scary School are even more frightening than anything in the Monster Forest. Fans of the Intergalactic Bed and Breakfast series and the Bailey School books will love the way the Scary School series for middle-grade readers mixes spooky scares and laughs.
