The land of nature all around us has a beauty and charm all on its own. The grandeur of the variety of trees, flowering shrubs, with all shades of green grasses growing in open spaces is a picture to behold. The quiet noise of the babbling and flowing clear brook waters intermingled with the chirping sounds of a wide variety of meadow birds serves as a beautiful chorus of spectacular musical blends. And then with this picture as the backdrop, added is the graceful appearance of the full range of wild life animals of all ages, in their natural surroundings and thriving habitat. The picture is breathtaking! There is mother rabbit and her very young, gray squirrel and her family, mother groundhog and her newborn babies, mother duck and her very young flock of ducklings, busy multicolored chipmunks gathering food for their family dinner, as well as other wildlife of nature's pride. They are all busily engaged in their daily tasks. This is the setting for this story, which takes place in the land of nature. This story will thoroughly captivate the attention of those who read it. And the readers heartstrings of thoughtful emotion will be moved by the dramatic events of this during one season of the life of nature's pride and joy. What a lasting impact will be yours at whatever age you happen to be as you read this story, The Land of Nature!

A study of the changes in religious thought and institutions c. 1180-c. 1280.

OS Explorer Map is the Ordnance Survey's most detailed map and is recommended for anyone enjoying outdoor activities such as walking, horse riding and off-road cycling. The series provides complete GB coverage and can now be used in all weathers thanks to OS Explorer Map - Active, a tough, versatile version of the OS Explorer Map.

Sociology For Dummies helps you understand the complex field of sociology, serving as the ideal study guide both when you're deciding to take a class as well as when you are already participating in a course. Avoiding jargon, Sociology For Dummies will get you up to speed on this widely studied topic in no time. Sociology For Dummies, UK Edition: Provides a general overview of what sociology is as well as an in-depth look at some of the major concepts and theories. Offers examples of how sociology can be applied and its importance to everyday life Features an in-depth look at social movements and political sociology Helps you discover how to conduct sociological research Offers advice and tips for thinking about the world in an objective way

Some communities exist for tens, even hundreds, of years. Others short-lived. What, then, makes for communal 'success'? Bary Shenker, who lived on a Kibbutz for a number of years, compares the Hutterites, the Kibbutzim and therapeutic communities – and argues that there is no simple formula. Through historical and sociological analysis, combined with personal experience and insight, the author provides fresh thoughts on a form of a social life which fascinates us all. First published in 1986.

In this volume, highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book, *The Drama of Doctrine*, to its next level. Vanhoozer argues that theology is not merely a set of cognitive beliefs, but is also something we do that involves speech and action alike. He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples. The church, Vanhoozer posits, is the preeminent theater where the gospel is "performed," with doctrine directing this performance. Doctrines are not simply truths to be stored, shelved, and stacked, but indications and directions to be followed, practiced, and enacted. In "performing" doctrine, Christians are shaped into active disciples of Jesus Christ. He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine. Written in an accessible and engaging style, *Faith Speaking* Understanding sets forth a compelling vision of what the church is and what it should be doing, and demonstrates the importance of Christian doctrine for this mission. Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world. The Christian faith is about acknowledging, and participating in, the great thing God is doing in our world: making all things new in Christ through the Holy Spirit. Doctrine ministers understanding: of God, of the drama of redemption, of the church as a company of faithful players, and of individual actors, all of whom have important roles to play. In an age where things fall apart and centers fail to hold, doctrine centers us in Jesus Christ, in whom all things hold together.

From the first African American assigned to the presidential Secret Service detail comes a gripping and unforgettable true story of bravery and patriotism in the face of bitter hatred and unthinkable corruption. Abraham Bolden was a young African American Secret Service agent in Chicago when he was asked by John F. Kennedy himself to join the White House Secret Service detail. For Bolden, it was a dream come true—and an encouraging sign of the charismatic president's vision for a new America. But the dream quickly turned sour when Bolden found himself regularly subjected to open hostility and blatant racism. He was taunted, mocked, and disparaged but remained strong, and he did not allow himself to become discouraged. More of a concern was the White House team's irresponsible approach to security. While on his tour of presidential duty, Bolden witnessed firsthand the White House agents' long-rumored lax approach to their job. Drinking on duty, abandoning key posts—this was not a team that appeared to take their responsibility to protect the life of the president particularly seriously. Both prior to and following JFK's assassination, Bolden sought to expose and address the inappropriate behavior and negligence of these agents, only to find himself the victim of a sinister conspiracy that resulted in his conviction and imprisonment on a trumped-up bribery charge. A gripping memoir substantiated by recently declassified government documents, *The Echo from Dealey Plaza* is the story of the terrible price paid by one man for his commitment to truth and justice, as well as a shocking new perspective on the circumstances surrounding the death of a beloved president.

The law has long been interested in marriage and conjugal cohabitation and in the range of public and private obligations that accrue from intimate living. This collection of classic articles explores that legal interest, while at the same time locating marriage and cohabitation within a range of intimate affiliations. It offers the perspectives of a number of international scholars on questions of how, if at all, our different ways of intimacy ought to be recognised and regulated by law.

When Miranda Barnes first sees the sleepy town of St. Yvette, Louisiana, with its moss-draped trees, above-ground cemeteries, and her grandfather's creepy historic home, she realizes that life as she knew it is officially over. Almost immediately, there seems to be something cloying at her. Something lonely and sad and . . . very pressing. Even at school and in the group project she's been thrown into, she can't escape it. Whispers when she's alone, shadows when no one is there to make them, and a distant pleading voice that wakes her from sleep. The other members in Miranda's group project, especially handsome Etienne, can see that Miranda is in distress. She is beginning to understand that, like her grandfather before her, she has a special gift of communicating with spirits who still walk the town of St. Yvette. And no matter where she turns, Miranda feels bound by their whispered pleas for help . . . unless she can somehow find a way to bring them peace.

Emmy was a good girl. At least she tried very hard to be good. She did her homework without being told. She ate all her vegetables, even the slimy ones. And she never talked back to her nanny, Miss Barmy, although it was almost impossible to keep quiet, some days. She really was a little too good. Which is why she liked to sit by the Rat. The Rat was not good at all . . . Hilarious, inventive, and irresistably rodent-friendly, *Emmy and the Incredible Shrinking Rat* is a fantastic first novel from acclaimed picture book author Lynne Jonell.
