As Emma prepares for the wedding she'd always dreamed of, she can't help dreaming of someone else.

An Instant NEW YORK TIMES BESTSELLER A LOS ANGELES TIMES, BOSTON GLOBE, WALL STREET JOURNAL, and NATIONAL INDIE BESTSELLER Named A BEST BOOK OF THE YEAR by *Elle * Real Simple * Kirkus Reviews * BookPage * "Memoir gold: a profound and exquisitely rendered exploration of identity and the true meaning of family." --People Magazine "Beautifully written and deeply moving—it brought me to tears more than once."--Ruth Franklin, The New York Times Book Review From the acclaimed, best-selling memoirist, novelist and host of the hit podcast Family Secrets, comes a memoir about the staggering family secret uncovered by a genealogy test: an exploration of the urgent ethical questions surrounding fertility treatments and DNA testing, and a profound inquiry of paternity, identity, and love. In the spring of 2016, through a genealogy website to which she had casually submitted her DNA for analysis, Dani Shapiro received the stunning news that her beloved deceased father was not her biological father. Over the course of a single day, her entire history—the life she had lived—crumbled beneath her. Inheritance is a book about secrets. It is the story of a woman's urgent quest to unlock the story of her own identity, a story that had been scrupulously hidden from her for more than fifty years. It is a book about the extraordinary moment we live in, a moment in which science and technology have outpaced not only medical ethics but also the capacities of the human heart to contend with the consequences of what we discover. Dani Shapiro's memoir unfolds at a breakneck pace—part mystery, part real-time investigation, part rumination on the ineffable combination of memory, history, biology, and experience that makes us who we are. Inheritance is a devastating and haunting interrogation of the meaning of kinship and identity, written with stunning intensity and precision.

As seen in OprahMag, Bustle, Parade, PopSugar, New York Post, Essence, Travel & Leisure, Ms. Magazine, TheSkimm, Betches, Shondaland, and Buzzfeed! Named one of the Best Romances of 2020 by Apple, Kirkus, PW, Washington Post, BookPage, and Amazon. USA Today bestselling author Talia Hibbert returns with another charming romantic comedy about a young woman who agrees to fake date her friend after a video of him "rescuing" her from their office building goes viral... Danika Brown knows what she wants: professional success, academic renown, and an occasional roll in the hay to relieve all that career-driven tension. But romance? Been there, done that, burned the T-shirt. Romantic partners, whatever their gender, are a distraction at best and a drain at worst. So Dani asks the universe for the perfect friend-with-benefits—someone who knows the score and knows their way around the bedroom. When big, brooding security guard Zafir Ansari rescues Dani from a workplace fire drill gone wrong, it's an obvious sign: PhD student Dani and former rugby player Zaf are destined to sleep together. But before she can explain that fact to him, a video of the heroic rescue goes viral. Suddenly, half the internet is shipping #DrRugbae—and Zaf is begging Dani to play along. Turns out his sports charity for kids could really use the publicity. Lying to help children? Who on earth would refuse? Dani's plan is simple: fake a relationship in public, seduce Zaf behind the scenes. The trouble is, grumpy Zaf is secretly a hopeless romantic—and he's determined to corrupt Dani's stone-cold realism. Before long, he's tackling her fears into the dirt. But the former sports star has issues of his own, and the walls around his heart are as thick as his... um, thighs. The easy lay Dani dreamed of is now more complex than her thesis. Has her wish backfired? Is her focus being tested? Or is the universe just waiting for her to take a hint? "Talia Hibbert is a rockstar! Her writing is smart, funny, and sexy..." - Meg Cabot, #1 New York Times bestselling author of the Little Bridge Island and Princess Diaries series
