## Stock Market Timing Strategies - Do They Really Work?

Many market timing strategies try to beat the market, which is almost impossible to do. Market timing is subject to data-snooping (backtest bias) in which data is fitted to the strategy. I.e. the strategy works

# Online Library Trading And

fine for the measured  
timeframe but not out-  
of-sample. The  
strategy depends on  
very esoteric data  
points which are hard  
to backtest.
